Thank you so much for your generosity this morning. The FoRPS ladies are quite overwhelmed by the mountain of donations for the Holly Fayre tombolas! Every single donation = more money that can be raised to support your child's learning.

Sorry for the confusion caused by the changing colours for the Y5/6 rainbow raffle! Year 5 & 6 can send anything dark blue, purple or pink, so please don't worry if you have already sent in a donation.

Thank you to everyone who took time to enter the FoRPS colouring competition. The entries were amazing!

The winners are: **Charlie** and **Phoebe** who are both in Woodpeckers. Well done, folks!

There are still seats on the coach for the Lakeside trip. Spend Sunday 24th November Christmas shopping, for just £20 a seat. Over 12s welcome. Book your seat at office@roydon.norfolk.sch.uk

The 100% attendance prize draw winner this week is …

Sophia in Owls!

Enjoy spending your £10 Amazon voucher!

We are pleased to have been offered maths events by Sir Isaac Newton Sixth Form during Maths Week England. The Y6s will enjoy a special lesson on Monday morning, and six lucky Year 4s will be going to Norwich for a workshop next Friday.

Please do not let dinner money debts build up. We have to balance our books weekly and it takes a huge amount of office time when parents need to be chased for money. You wouldn't eat at a restaurant and pay the following week!

Thank you for the six bags of sugar we have received to provide energy for the homeless this Christmas. Let's see if we can turn our sugar molehill into a sugar mountain by the end of November!

We are looking forward to seeing the parents of our Year 3 and 4 children at 9.00am next Thursday to see what the children were learning last term.
