

We are off 'Around the World' but  
do not worry we will be back in time for 3:20!

We have visited the travel agents, sorted our passports and started our research for the places we would like to visit.

Our travel itinerary starts in Europe where we are going to learn about some of the capitals including London, Paris and Rome. But we can't stop long as the colours and sights of Asia are pulling us towards India, before flying onto Africa, then bouncing towards Australia and finishing off our travels in America.

Throughout the following weeks we are going to be going on many adventures and we want to learn as much as we can about the places we are going to visit. We would like you to join us in our travels!

Have you visited any of the places we are going to be learning about?

If so can you help us with our learning?

Have you got any stories about what you saw or what you did while you were there? Would you like to come in and talk to us all about it? Or maybe you could write your memories down and send them in with your children. Do you have any artefacts or pictures from your travels that we could borrow and help to enrich our learning?

If you would like to help us please just come in and talk to us. We look forward to hearing from you and learning from your experiences.
