

Computing

Children will build resilience through their computing work and learn from their mistakes.

All pupils can use technology safely and respectfully.

Children will have a secure and comprehensive knowledge of the implications of technology.

Children know key vocabulary and can recall this in everyday life.

Children will be able to solve problems using technology.

Children will be confident users of technology.

IMPACT

Understand what to do if something concerns them in the 'online world'.

Children can digitally communicate in different ways.

Children will be able to apply the British values of democracy, tolerance, mutual respect, rule of law and liberty when using digital systems.
